

# ALEKSEY KULGEYKO

FRONT-END DEVELOPHER

## Education

### React/Front-end

**The Rolling Scopes School | 02.2021 - 04.2021**

Certificate

<https://github.com/Kulgeyko93/cert/blob/main/React.pdf>

### Backend developer

**LeverX | 02.2021 - 03.2021**

Certificate:

[https://github.com/Kulgeyko93/cert/blob/main/LXG\\_Node.pdf](https://github.com/Kulgeyko93/cert/blob/main/LXG_Node.pdf)

### JavaScript/Front-end

**The Rolling Scopes School | 09.2020 - 02.2021**

Certificate:

<https://github.com/Kulgeyko93/cert/blob/main/JS.pdf>

## Projects

### RS LANG -(LEARN ENGLISH APP)

**The Rolling Scopes School | 03.2021-04.2021**

In this application, you can learn English. My task was to develop Sprint and NewGame games, design the project, supervise assignments and help other developers. Developed by 3 developers.

Technology: TS, MERN.

**Deploy:** <https://rslang-56-kulgeyko93.netlify.app/>

**Code:** <https://github.com/Kulgeyko93/rslang/pull/48>

### RS CLONE WARS (BALDA GAME)

**The Rolling Scopes School | 01.2021-02.2021**

This application is analogous to the Balda game.

My task was to develop settings for the game, music, data storage in Redux and local Storage.

Developed by 4 developers.

Technology: TS, MERN

**Deploy:** [https://rsclone-balda.netlify.app/set\\_game](https://rsclone-balda.netlify.app/set_game)

**Code:**

<https://github.com/Kulgeyko93/rsclone/tree/develop>

### TRAVEL APP

**The Rolling Scopes School | 02.021-02.2021**

In this application, you can see information about different countries.

My task was to develop the Design, home page, country pages, fill in the database, help with the backend.

Developed by 2 developers.

Technology: React, Redux, Nest.js

**Deploy:** <https://kulgeyko93-travel-app.netlify.app/>
